

Konftel EGO personal Conference Phone

Date expected into UK 1st June 2016

Pre-orders taken today with Tempura Communications

Konftel Ego – Personal Conferencing... Anywhere

The Konftel Ego is a personal speaker phone. It's compact and portable and fits easily inside your briefcase, wherever you're going. Despite its size, the Konftel Ego delivers crystal-clear sound thanks to our unique OmniSound® audio technology. It's ideal for a meeting with a couple of colleagues in one of your smaller conference rooms. Or in a hotel room while you're away from the office, the Konftel Ego is a good alternative to a headset.

The Konftel Ego works seamlessly with **Skype for Business**, **Cisco Jabber**, **Avaya Communicator** and other conferencing tools. It connects easily to a **PC** via a **USB** port or to a tablet or smartphone via Bluetooth. Moreover, the Konftel Ego has support for ultra-fast Bluetooth pairing through **NFC** (near-field communication) and with **Bluetooth A2DP** (advanced audio distribution profile) you can play your favourite music with superior audio performance when your meeting has finished. The clear and attractive LCD display screen lets you see at a glance which feature is enabled. This is also shown by the LEDs which shine downwards in different colours. The Konftel Ego has a headset port, and the built-in battery gives you the option of completely cordless use.
